

OSSTF/FEESO Health and Safety Checklist for COVID-19 Issues for Members

Please review this checklist and share any concerns with your Joint Health and Safety Committee (JHSC) representative and local union leaders so they can advocate on your behalf. Remember that, as workers, you have a duty to report all hazards to your supervisor and you are protected against reprisals for exercising your rights under the *Occupational Health and Safety Act* (OHSA).

	Yes	No
Do you believe the ventilation is adequate in your workplace and your particular workspace? If not, please explain.		
Have you received information, training and instruction from the employer regarding COVID policy changes/updates?		
Is the employer actively recommending you wear a mask indoors?		
Are all other layers of protective protocols in place and/or available (such as Personal Protective Equipment, soap/hand sanitizer, enhanced cleaning and disinfection)? If not, please explain.		

Use the next page to record additional information.

My worksite Health and Safety Representative (and contact info) is:

My Local Health and Safety Officer or JHSC member (and contact info) is:

The Ministry of Labour, Training and Skills Development (MLTSD) contact information is: 1-877-202-0008

[File a complaint online](#)

Remember to share any field visit reports from the MLTSD with your union’s local and provincial office as soon as possible.
